

Tariq Creque

EPK

Tariq Creque came from the best of both worlds! He was born in Miami and raised on the beautiful island of St Thomas located in the US Virgin Islands. Growing up, Tariq's uncle was in a very famous local band on the island known as "The Awesome JamBand", and would take him to all his events at a young age, thus sparking an interest in Entertainment for him. Each year, he would always be a part of the music program in school learning and honing his skills on various instruments such as the trombone, percussion, and keyboard. High School was a pivotal part of Tariq's musical journey. He attended Miramar High School and became a member of their Marching Band Program. Upon Graduation, he decided to further his musical career, by attending Full Sail University. Upon completion, Tariq realized he also had a hidden talent. He had a new profound passion for wanting to sing, perform, write music and become a MC/ Host. Tariq recently released his first ever studio recorded song titled "iQuit". He also travels back to his island for carnival each year to sing and perform. One of his biggest accomplishments, was performing live at St John USVI Festival 2016. Tariq has recently released his new studio single titled Sundown.
